## Chairman's and President's Report

Cary Dickinson  
Chairman

Mike Johnson  
President

Nobody knows you better than the friends and neighbors you grew up with. And since 1939, Clinton County Electric has been growing up with you. We now serve almost 5,900 accounts in Clinton County and parts of Fayette, Madison, Marion, St. Clair and Washington counties.

Clinton County Electric operates on a not-for-profit basis for the mutual benefit of its owners and we are democratically governed, and you, the member, control us. In short, Clinton County Electric is a business owned and controlled by you, the member.

You have the opportunity to become engaged in the democratic process controlling your cooperative by attending your Annual Meeting on March 15. Matters of interest concerning your cooperative will be discussed and you can participate in the election process for the Board of Trustees.

From the beginning, Clinton County Electric has had one central mission – to enhance the quality of life of our members. Your cooperative is committed to safe, reliable and reasonably priced electricity.

Clinton County Electric is a company that cares about the people it serves. That service goes a long way beyond keeping the lights on. It is neighbors helping neighbors. That is what it is all about – that is the electric cooperative tradition that started almost three quarters of a century ago.

Clinton County Electric has continued to develop our two main initiatives; “Enhance our Member Communications” and “Infrastructure Improvements.” We worked vigorously on these in 2011 and will continue to work on further development of these initiatives in 2012. Remember, all initiatives we embark on always have our members’ best interest in mind.

At Clinton County Electric’s Oct. 25, 2011 Regular Board Meeting, the Board of Trustees approved an increase in electric rates effective with January 2012 consumption. We have communicated to the membership the reasons for that increase in many articles, letters and a bill stuffer during the past few months. The rate increase will undoubtedly be the main topic of discussion at the Annual Meeting.

We look forward to seeing you at your Annual Meeting on March 15.
