Respectfully Submitted,

Chairman's and President's Report

Cary Dickinson
Chairman

Mike Johnson
President

Nobody knows you better than the friends and neighbors you grew up with. And since 1939, Clinton County Electric has been growing up with you. We now serve almost 6,000 accounts in Clinton County and parts of Fayette, Madison, Marion, St. Clair and Washington counties.

Clinton County Electric operates on a not-for-profit basis for the mutual benefit of its owners and we are democratically governed by the membership. In short, Clinton County Electric is a business owned and controlled by you, the member.

You have the opportunity to become engaged in the democratic process controlling your cooperative by attending your Annual Meeting on March 20. Matters of interest concerning your cooperative will be discussed and you can participate in the election process for the Board of Trustees.

From the beginning, Clinton County Electric has had one central mission – to enhance the quality of life of our members. Your cooperative is committed to safe, reliable and reasonably priced electricity.

Clinton County Electric is a company that cares about the people it serves. That service goes a long way beyond keeping the lights on. It is neighbors helping neighbors. That is what it is all about – that is the electric cooperative tradition that started three quarters of a century ago.

Clinton County Electric has continued to develop our two main initiatives; “Enhance our Member Communications” and “Infrastructure Improvements”. We worked vigorously on these in 2013 and will continue to work on further development of these initiatives in 2014. Please take the time to read our monthly newsletter in the Illinois Country Living magazine that we provide to you. Remember, all initiatives we embark upon always have our members’ best interest in mind.

At Clinton County Electric’s October 29, 2013 Regular Board Meeting, the Board of Trustees approved a slight increase in electric rates effective with January 2014 consumption. We have communicated these changes to the membership through recent articles in the Illinois Country Living magazine. Generally, the facility charge went up and the energy charges went down. The slight rate increase will provide approximately \$600,000 of additional revenues to Clinton County Electric. The slight rate increase will undoubtedly be the main topic of discussion at the Annual Meeting.

We look forward to seeing you at your Annual Meeting on March 20.
